EDITOR NOTE

REYNOLD INDIA

October was a jam packed month for us, filled with equal opportunities for work and play. We started the month with participating in the electric battery show, to showcase our chillers in that sector. A fruitful and learning experience for us here at Reynold, giving us a great opportunity to interact with players in the industry. The month was also filled with many birthdays, which meant that many opportunities for birthday cake! And while we continued to work hard gearing up for the festive season, we ended the month with celebrating the festival of lights– Diwali.
